

MIDI Change Ambassador Programme

2017 was an eventful year for some of MIDI's Change Ambassadors. They attended various activities hosted by the KZN Premiers Office. We are happy to say that 2 of the Change Ambassadors represented the children of Umgungundlovu District Municipality at the very first KZN Children's Parliament in Pietermaritzburg. They raised their concerns around 'child killings for umuti'.

Mayenziwe went on to Nelson Mandela National Children's Parliament in Kimberly where she represented the needs and concerns of the children of the Umgungundlovu

District Municipality. She is currently looking at ways to communicate children's issues to local government.
